# Surface mounting components: Button for remote assistance call

**03895**

Smart systems&products / Smart switch&sound / Surface mounting components / Non-modular components

**Button for remote assistance call**

- Quick installation: once the SIM has been inserted, your favourite numbers can be programmed quickly with simple text messages
- Secure: the device battery ensures that the call can be made, even in the event of power blackout
- Expandable: if there are multiple users, up to 10 radio accessories can be connected
- Can be integrated: with By-me Plus and View Wireless systems by means of the telecare interface (art.03895), and you can make calls automatically from home automation system/smart devices
